## BPW Canada:

### Empowered Women Leading Business & Positive Change

#### In Our Community and Around the World

BPW Canada was a founding member of the International Federation of Business and Professional Women (BPW International), also established in 1930, which now has clubs in more than 95 countries. The International Federation has held Consultative status at the United Nations (ECOSOC) since 1947.

BPW is a non-sectarian, non-profit, non-partisan organization that works to improve economic, political, social and employment conditions for women in Canada.

Our vision is to achieve a just and equal status of women in all levels and areas of society where decisions are taken in true partnership with men, based on mutual respect, for a more balanced and peaceful world.

Our membership model revolves around four key areas of activity, including:

- ✓ Awareness, advocacy and action
- ✓ Leadership skills and career advancement
- ✓ Personal development
- ✓ Supportive networking and lasting friendships

Our goal is the improvement of economic, political, social and employment conditions for women in Canada. Bottom line, we work to educate and empower women in Canada.

BPW Canada has spearheaded the establishment of the **Canadian Coalition to Empower Women (CCEW)** to advance equality between men and women; boys and girls recognizing it is essential to build strong economies, establish more stable and just societies, and improve the quality of life for women, men, families and communities.

Visit the CCEW website, [www.ccew.ca](http://www.ccew.ca), and learn how you can join the CCEW in making change by signing the CCEW statement of support.
